ADMINISTRATION DIRECTORATE REVIEW: TRENDS AND HIGHLIGHTS

Evaluation

In order to enhance the usefulness of the Trends and Highlights Course to you and future participants, a continuing process of evaluation is necessary. We ask your cooperation in assisting us in keeping the course responsive to the needs of the participants.

COURSE OBJECTIVE

The objective of the course is to update Deputy Director for Administration careerists' knowledge and understanding of current activities, problems and trends in the Directorate and its various offices.

A. Please indicate on this numerical scale how well in your estimation, the course has met its objective. (Number 1 is the lowest, number 7 is the highest.)

B. What was the most useful segment of the program to you in your present assignment? The least useful? Please describe how you see the program benefiting you.

1. The Agency + Its People in the 70s - most
2. Developments in our Medical Services. Least

Although you have asked for two items, taken as a whole, the entire Program is most rewarding in that it teaches me about the Agency as a whole. Being new it helped reinforce many things I have heard in (See Reverse Side) orientation +

informed me of many other things I would have taken in my new position to find out.

C. Did you feel the session on the Administration Directorate/ Management & Advisory Group (AD/MAG) was beneficial? Why?

Given as a separate one hour briefing, this session was not that beneficial. None of the information was that new & the panel could not even speculate on the effectiveness of MSAG. ^{Until that happens, perhaps it should be merged with EEO} D. ~~Other comments~~ (?) and presented as a panel presentation.

D. I enjoy the evening briefings very much but I think they should also be for the one hour/15 min as during the day.

Your happy hour from 4:30-7:30 sure does allow for a lot of extra activity. Do you think it wise to offer so much liquor since we do have to return at 7:30? Many of the group would have preferred to be continuing happy hour or in bed asleep. I think it takes away from the interest & attention that might normally be given a speaker.
